

CenturyLink Field Sustainability

Overview

- **CenturyLink continues to focus on sustainability procuring as local as possible, focus on waste diversion and energy.**
- **10 year anniversary of waste tracking!** Diversion rate comes in at 96.5% with over 1313 tons of materials diverted from the landfill since tracking began in 2006 (4.66%).
- Full replacement of all Event Center HID hi bay fixtures with a one-for-one LED fixture. This reduced the lighting load by over 50%, provided greater lighting uniformity and provide significant future operational savings. As of March 2016, measurement and verification totals show the Event Center is on track to save an estimated 900,055 kWh of electricity and 3,888 kW of demand. This translates to a projected \$60,172 savings.
- Replaced 76 fluorescent tubes in the Event Center restrooms with new LED fixtures. Annual kWh savings projected of 13,096.
- 96% of all janitorial supplies purchased are Green Seal Certified.

Procurement

- Goal is to prevent pollution by incorporating environmental considerations into all of our business practices and decisions.
- Sustainable procurement in Washington State
- Disposable wear – general concessions and premium areas
- Distribution partners – Sysco, Charlies Produce
